VICTORY FOR THE REDS

CINCINNATI TEAM PLAYED AN ER-RORLESS GAME AND WON.

Barnes Was Batted Hard for Three Innings-But One Hit Made Off Guese-Cincinnati To-Day.

The Cincinnati players did not bring rain to town with them yesterday, as has been their custom in former years, but they caused the wind to shift from the south | the entry of his famous horse at Boston in to the northeast, and the change almost the \$50,000 race to be run the week of Sept. caused the spectators to become frapped every herve and muscle in his high-bred before the game was called. After a few body to distance his two celebrated comballs had been pitched, however, it prom- petitors, Boralma and Charlie Herr. ised to be such a lively contest for an exhibition game that enthusiasm became apparent in an appreciable degree. The Red Stockings piled up a total of eight runs He Asked the Patrolman Who Arduring their nine innings, while Indianapolis only succeeded in scoring a trio of tallies. It was far from being a humiliating defeat, however, as several fast plays on the part of the Indianapolis colts offset the fact that they were beaten.

Dobbs, Crawford, Irwin and Cordid business with the files and grounders sent at them like a college graduate would solve a problem in plain geometry. Beckley picked up short throws at first in a manner to save his teammates from spoiling the clean error column with a wild throw. Dr. Eustace Newton, who recently received a sheepskin in this city that entitles him to perform operations on glass arms and write prescriptions for croupy bables, danced on the rubber slab in the pitcher's box the first four innings for Cincinnati and made the Indians hit the tried to adjust their troubles. ball in other places than safe territory. He was followed by McFadden, founder of "McFadden's Row of Flats," who did not permit the Indianapolis men to tally during his sojourn in the box. INTEREST IN FOX.

A great deal of interest centered on Fox, the new acquisition to the Indianapolis second base. Yesterday was his first game at Washington Park, and the enthusiasts watched his playing with a critical eye as they were anxious to discover what kind of calibre had been secured to fill the po sition occupied by Magoon last year. That the fans were well pleased with his work is conclusive, as he accepted six chances without an error and chalked up a safe hit. He got in front of a few sizzling grounders that made him vibrate like a main topsai in a windstorm for a moment, but he quickly recovered himself in time to throw the runner out at first. Shannon started the real excitement of the game when he gathered in a fly from Irwin's bat in the third inning after Magoon had placed the sphere in deep left for three bases. Magoon started to score on the out, but Shannon strained a few of his muscles that have not been worked out as yet, and placed the ball in Heydon's hands so accurately that Magoon trotted back to third. Later in the game he made a beautiful catch of a long fly from Beckley's bat after covering about fifty yards of left-field territory. Hogriever a good catch in right from Magoon's

Indianapolis chalked up a series of errors that would look very bad later in the sea-Kelly started this sort of work in the second inning, when he dropped a him. Henry merely reported for transporthrown ball from Heydon, and later Flynn tation to be sent back to his post and exgot his hands entwined around the sphere as it dropped toward the ground after having been popped up by Crawford, but Flynn's hands lost their grip and the ball fell to the ground. The error was made so easily that it was ludicrous. After Jessup succeeded Heydon behind the bat he added two misplays that aided the visitors in their run-getting.

The game was played under the new rules, and they were as severely criticised as when Buffalo played here last week. Barnes, Guese and Suthoff were given three innings each in the box for Indianapolis. Barnes is carrying more weight than when he was here last year, and this might have had something to do with Cincinnati scoring five runs the first three innings while he was on the slab. Guese succeeded Barnes and Cincinnati made but one hit off his delivery and scored no runs. Suttand Cincinnati added three. Jessup threw wildly on two occasions and also had passed ball chalked against him, which aided the Reds in scoring while Sutthoff was doing the twirling.

THE RUN-GETTING. ness in the opening inning. After Dobbs and Harley had been retired Beckley was passed and Crawford singled, sending Beckley to third. Magoon placed one in center for a base, scoring Beckley and advancing Crawford to third. Magoon reached second on the throw to catch Crawford at third. Irwin scored both men with a single, and then Irwin was caught trying to pilfer second. Hogriever started the ball rolling for Indianapolis by hitting safely, but he was caught napping off first and the next two men were retired.

in the second inning Corcoran singled and Barnes passed Bergen and Newton. Dobbs dropped one in front of Barnes, who threw to the plate, retiring Corcoran. Heydon threw to Kelly, but the latter dropped the ball, and Bergen scored, Dobbs landing on first. Harley's single scored Newton. Magoon started the third inning with a triple, but the next three men were retired without him scoring.

Indianapolis started scoring in the third when Heydon singled and Berte placed one in right for a base. Grim, who went to bat for Barnes, hit one to Irwin, who made a lunge for Heydon, and Ramsey called the ndianapolis catcher out. Hogriever drew a pass and was forced at second by Bey, Berte scoring. Bey stole second and Grim ran home with the second tally. Three bases on balls and a wild pitch gave Indianapolis one more run in the fourth, Oincinnati scored two in the eighth and one in the ninth.
